YOUTH PROGRAMS REGISTRATION PROCESS

Thank you for your interest in youth programs at the Denver Tennis Park!

Over the past year, we have experienced tremendous growth in demand for participation in our youth programs.

To manage demand and ensure fair accessibility for all families, we use a registration request lottery system!

Online Only Registration Request Week

Registration Request Week kicks off registration for the upcoming session of youth classes!

During this week, you can log into your DTP Club Automation account and register for classes you are interested in. DTP Club Automation accounts are free to create! A 10% deposit per class is required at time of check-out.

Registration during this week does not mean you are enrolled in the program - it means you have submitted your request for participation in a particular class/day.

There is no benefit to registering on the first day registration is open versus registering on the last day.

Requests are only accepted online at dtp.clubautomation.com. Phone calls and/or emails asking to be registered will be directed to dtp.clubautomation.com.

Lottery System

At the end of Registration Request Week, we review the number of requests that are submitted for each class. When there are more requests submitted than actual spots available for a class, we hold a lottery to assign spots. The lottery is done completely at random to ensure fairness.

Families will be notified within a week after the end of Registration Request Week with information on how to check whether or not their player(s) made it into the desired classes.

For players who do not make it into the class, they are automatically placed on the waitlist and will receive a refund of the 10% deposit.

How do I create a DTP Club Automation account?

Visit dtp.clubautomation.com to get started! We recommend using a computer to create accounts; you can create accounts through your phone, but the Club Automation site is not mobile friendly.

To create an account for the first time, click on "Access My Account" in the upper right corner. Enter your name and a reliable email address. You will receive a separate email to continue creating your account. A valid debit/credit card is required to create your account, and you will also have the opportunity to add family members!

I have a DTP Club Automation account but cannot remember my login information.

Visit dtp.clubautomation.com and click on "Forgot Password?". Enter the email associated with your account - or the email you THINK is associated with your account. If the email is linked to an account, you will receive an email to reset your password (it can take 5-10 minutes to arrive in your inbox).

If you cannot remember if you or your player(s) has an existing account, or if you need help accessing your account, please call the DTP at 303-351-5045!

I missed Registration Request Week! What are my options?

Once we have reviewed class requests and held all lotteries, we will re-open the registration process (typically a week after request week has ended). Families will have the ability to register online at dtp.clubautomation.com and over the phone at 303-351-5045 at that time.

If there are any classes that did not reach capacity during request week, those spots will be available on a "first-come, first serve" basis until the class is full. Full payment is required at time of registration.

For any class that reads "Full" online, please call the DTP at 303-351-5045 to be added to the waitlist. There is no charge to be added to a waitlist. We anticipate long waitlists for most classes every session. If we are able to move your player off the waitlist and registered for the class, we will call and/or email you. Full payment is required at time of registration.

What happens if I need to pull out of a class?

All class registration changes must be made 14 days prior to class start date for account credit. There are no refunds.

Within 14 days of the class start date and once the class has started, class registration changes can only be made if the spot can be filled. Account credit will be issued for any unused class dates. There are no refunds.

Who can I contact if I have a registration issue/question?

Please email info@denvertennispark.org with any questions you may have!
